

# Voluntary Action Rutland

We need your help, too

## Be a Volunteer Driver

We are in constant need of volunteer drivers to use their own cars to provide transport for frail, elderly, disabled and vulnerable adults in Rutland. The trips could be to attend hospital, doctor, dentist and optician appointments, hospital visits and, on occasion, visits to friends and relatives. All out of pocket expenses, including a generous mileage allowance, paid.

The time devoted need only be as much or as little as you wish. The extra resource will help us to meet a growing demand in our community.

In addition we are also looking for volunteer drivers for our community transport scheme to drive our wheelchair accessible car and minibuses.

For further information about both volunteering opportunities, please contact the transport office direct on **01572 724705** or email **transport@varutland.org.uk** or visit our transport section at our web site **<http://www.varutland.org.uk>**
