

Tell us about the effects of NHS communications and administration processes on your experience of getting the healthcare you need

Getting NHS referrals and diagnostic tests can involve lots of letters, texts and phone calls etc. Do you find these communications easy to understand and timely?

Fill in a survey – takes around 5 minutes

Chat to us in an individual half hour session by telephone, online or in person, to share your experiences

To complete a survey online, scan the QR code or visit the Healthwatch website.

Or you can complete a hard copy survey – available from the Healthwatch Office.
